DETAILED ACTION

Response to Amendment

1. In response to the Office Action mailed August 3, 2004, applicant submitted an amendment filed on November 3, 2004, in which the applicant(s) canceled all rejected claims and amended the allowable claims for clarity.

Drawings

2. The drawings were received on November 3, 2004. These drawings are acceptable.

Allowable Subject Matter

3. **Claims 10-13, 18 and 20** are allowed.

The following is a statement of reasons for allowance:

As for independent **claim 10**, it recites a random codebook used adaptively corresponding to a size of a partial algebraic codebook. Prior art, such as Nomura, disclose a similar codebook, but fails to teach nor fairly suggest the recited configuration wherein a random codebook is used adaptively corresponding to a size of a partial algebraic codebook, to achieve a speech coding apparatus with a low bit rate and a small computation amount.

Dependent **claims 11-13, 18 and 20** are allowed because they further limit their parent claims.
